

2022 LEARNVUL Expert Meeting Schedule

TIMISOARA, ROMANIA

Day 1 (Friday, May 27th)

Time	Topic / Activity
09.00 - 09.30	INTRODUCTORY ROUND
09.30 - 10.00	On the LEARNVUL Project and neuroticism as a vulnerability factor for internalized psychopathology (Florin Alin Sava; West University of Timisoara)
10.00 - 10.30	A roadmap for future interactions between research on personality and learning (Jan De Houwer; Ghent University)
10.30 - 11.00	Coffee Break
11.00 - 11.30	Not by associations alone: How individual differences may facilitate propositional learning during evaluative conditioning (Zachary Petzel; Newcastle University)
11.30 - 12.00	Basic personality traits as moderators of Evaluative Conditioning effects: Some recent empirical evidence (Erica Casini, Juliette Richetin, and Marco Perugini; Università degli Studi di Milano-Bicocca)
12.00 - 12.30	Evaluative learning in uncertainty contexts: The role of neuroticism (Catalina Bunghez; West University of Timisoara)
12.30 - 14.00	Lunch Break @ Anturaj (Bl. Vasile Pârvan 5)
14.00 - 14.30	Bridging the gap between Evaluative Conditioning and Generalization: The role of Neuroticism and Agreeableness as moderators of feature transformation effects (Florina Gabriela Huzaica; West University of Timisoara)
14.30 - 15.00	On the relationship between personal characteristics and (evaluative) learning based on causal stimulus relations (Karoline Bading; University of Jenna)
15.00 - 15.30	How do individual learning trajectories during fear conditioning relate to markers of psychopathology? (Joke Baas; Utrecht University)
15.30 - 16.00	Coffee Break
16.00 - 17.30	ON ORGANIZING AND MANAGING LAB(S) (<i>moderated by West University team</i>)
19.00	Dinner @ Pepper (Piata Unirii 13)

Day 2 (Saturday, May 28th)

Time	Topic / Activity
09.00 - 09.30	The role of Intolerance of Uncertainty in fear conditioning: Methodological considerations and empirical findings (Gaëtan Mertens, Tilburg University)
09.30 - 10.00	External validity of fear conditioning: Predicting anxiety and exposure treatment outcome (Sara Scheveneels; Open University & KU Leuven)
10.00 - 10.30	Trait anxiety and the generalization of safety behavior extinction (Alex Wong; Erasmus University Rotterdam)
10.30 - 11.00	Coffee Break
11.00 - 11.30	Neuroticism and Social Learning - how we learn from adverse experiences and use this in social interactions (Bertus Jeronimus; University of Groningen)
11.30 - 12.00	Habits as a core facet of personality: Distinguishing between associative and retrieval-based sources of habitual behavior (Klaus Rothermund; University of Jenna)
12.00 - 13.30	Lunch Break @ Anturaj (Bl. Vasile Pârvan 5)
13.30 - 15.00	ROUND TABLE. CONCLUDING REMARKS
15.00 - 19.00	Free time, before dinner
19.00	Dinner @ Pepper (Piata Unirii 13)
