### Summary

To evaluate the impact of activities in Horizon 2020 Twinning project 952464 LEARNVUL, we registered on the *Continuous reporting tool on the Funding and tenders portal* all publications authored or co-authored by members of the Department of Psychology at the West University of Timișoara, in the reference period of three years prior to the signature of the grant agreement (1st of October 2017 – 30th of September 2020).

In this period, we registered 32 articles published in journals indexed by Web of Science, out of which 2 articles (6.25%) were published in the top 10% impact ranked journals. These registrations will serve as a basis for measuring the evolution of the research organization.
